²⁾ Power Management is only available during hydraulic, mobile PTO and haulage applications

The art of maximum comfort

With only 66 dBA noise level, it's even easier to enjoy silence, space and top comfort in your new office in the field. Alongside the new Infomat 1200 monitor and the new A-pillar display, the semi-active suspension control associated to the new advanced vehicle suspension gives you an incomparable level of daily work comfort.

Get the performance you deserve

The innovative FPT NEF 6.7 l engine with up to 302 hp provides you with maximum power and ultimate productivity in the field. To deliver this power, the e-VGT provides excellent engine torque characteristics over a wide band down to 1,300 rpm. New larger axles and 2.05 m rear tyres ensure traction without compaction. While on the road the GVW has been increased to 15 t.

Exclusive fuel tank and storage area

Optimise your time in the fields thanks to the 460 l fuel tank, 18% larger than the previous generation. To keep you farming, we have also integrated an optional hand-washing tank and a toolbox with slide cover to allow easy access and minimise cab clutter.

One step ahead in the future of farming

With S-FLEET, you can access all your fleet data: see where your machines are and how they are performing to make on-the-go adjustments. You can also work proactively with your dealer using remote screen sharing so that he can quickly identify issues and suggest changes to optimise your productivity.

THE ABSOLUT. THE **BEST**. IN EVERY ASPECT

New cab enlarged by 8% with cooled storage compartments, a powerful HVAC, premium sound system and engine stop/start button.

Made in Austria – 75 years of expertise to provide you with quality tractors that you can rely on in all situations.

A cab that cares for the operator's wellbeing with lowest in the industry noise levels of just 66 dBA.
